

# HKIE LTD Technical Visit at SmartMore Headquarters

Organized by HKIE Logistics & Transportation Division

Thursday, 11 April 2024 (14:00 – 16:30)

## Programme Highlights

SmartMore is a pioneer of intelligent manufacturing technology company dedicated to developing a new generation of cutting-edge technology, creating integrated hardware and software products, and promoting the digitalization and intelligent upgrading of the manufacturing industry. In 2022, SmartMore and Reitar Logtech Group Limited partnered to launch SmartMore LogTech, bringing advanced technology into the field of LogTech. Specializing in smart storage and cold chain, SmartMore LogTech's most notable projects include Comboxx, a single storey RC structure warehouse with fully automated robotic storage and air-conditioning system, as well as the conversion of Wing Shing Industrial building from industrial to a smart logistic centre with cold storage development. Mr. Oscar Hui & Mr. Danny Hui, CEO & KA Manager of Smartmore Logtech respectively, would join Ir Chris Kwan from REITHUB Consulting Limited, Founder & Managing Director to share insights on the latest updates in the Cold Chain Logistics industry and future plans for Smartmore Logtech.
