
HKIE Toastmasters Club Regular Meeting held on 4 Mar 2021

By Charles LEE

The Toastmasters Club (TMC) Regular Meeting was held on 4 March 2021 with “Project Management” as the meeting theme. Members and participants were asked to share their experiences and the challenges faced during their execution of engineering projects.

We were grateful to have Ms Melissa Waye as Toastmaster for the evening and Ir F C Chan as the Table Topics Master.

Group photo of the participants and audience

Ir Chan initiated an interactive Table Topics Session, and invited the audience to share the challenges they faced and the skills they learned when managing engineering projects. The topics also covered the legal responsibilities of engineers, document traceability as well as communication skills with various project stakeholders.

Four prepared speeches were also delivered by Mr Martin Lee (Level 1 Project 3 Title: Pandemic Life Change; Level 1 Project 4 Title: Evaluation Speech; Level 1 Project 5 Title: Artificial Intelligence and Human Competition) and Mr Michael Ho (Level 1 Project 5 Title: Vacation Planning). Their speeches were evaluated based on their strengths and areas for improvements in public speaking skills.

Last but not least, the best speakers and evaluator for the meeting were selected:

The best table topic speaker: Ir S C Kam

The best prepared speech speaker: Mr Michael Ho

The best evaluator: Ms Melissa Waye

TMC meeting is a learn-by-doing platform where participants can hone their speaking and leadership skills in a relaxed atmosphere. Don't miss the chance to not only strengthen your public speaking skills, but also expand your engineering network.
