## The HKIE Toastmasters Club regular meeting held on 6 May 2021

---

**By Mr Peter WONG**

The theme of the meeting this time was “Innovation” and both members and participants shared their understanding of the word.

We were grateful to have Mr Charles Lee and Ir F C Chan as Toastmaster of the evening and Table Topics Master respectively. Ir Chan initiated an interactive Table Topics Session, by inviting the audience to share their ideas and knowledge of introducing innovative ideas and practices at their work. The topics also covered brain-storming and analysing skills and execution planning.

The participants and audience

Two prepared speeches were delivered by Ms Melissa Waye (Level 1 Project 3 Title: Listen to Your Body) and Ir Chan (Level 3 Project 2 Title: One Positive Finger). Their speeches were evaluated based on their strengths and areas for improvement in public speaking.

Last but not least, the best speakers and evaluator were selected for this meeting:

The best table topic speaker: Mr Timothy Yeung

The best prepared speech speaker: Ms Melissa Waye

The best evaluator: Mr Peter Wong

The TMC meeting is a learn-by-doing platform where participants can hone their speaking and leadership skills in a relaxed atmosphere.

If you would like to strengthen your public speaking skills and expand your engineering network, this can be a wonderful opportunity.
