

COPYRIGHT CONSENT **FORM**

Consent to Use

I/we _____ being the author(s)/editor(s) of the paper/
article/presentation/speech ("Works") described below, hereby consent to the Hong Kong
Institution of Engineers (the Institution) [and _____
_____ (joint organisation)] the right to use and edit the
Works or any part thereof, and any illustrations, figures, data or other information contained
in the Works or published or intended to be published as part of or supplemental to the Works
(collectively the "Supplementary Data") in accordance with the Manner of Use set out below.

Description of the Works

Title of Works*	Description#

* Use separate sheets as appropriate

Paper, speech, presentation . . . etc

Manner of Use

The Institution [and _____ or either of them] shall have the right anywhere in the world to

- (a) edit, publish, copy, reproduce, display, exhibit in public, distribute, and issue and make available to the public the Works or the edited Works and/or copies of the Works or copies of the edited Works (or parts thereof) including all Supplementary Data (or parts thereof) whether in paper, photographic, electronic form (including in particular on the internet) or in any other forms, and including storing the Works or the edited Works and/or copies of the Works or copies of the edited Works and/or the Supplementary Data (or parts thereof) in any media (including in particular in the electronic library of the Institution), whether now existing or hereinafter developed, and whether separately or with other works or contents;
- (b) to incorporate the Works or the edited Works (or parts thereof) including all Supplementary Data (or parts thereof), in whole or in part, into derivative works or other works for publication, exhibition, and distribution to public;
- (c) to publicly perform and authorise others to perform the Works or the edited Works (or parts thereof) including all Supplementary Data (or parts thereof), and any derivative works incorporating the Works or the edited Works (or parts thereof) including all Supplementary Data (or parts thereof) in any conferences, seminars, symposiums or other functions organised, sponsored or managed by the Institution [(and/or joint organisation)] whether alone or jointly with others.

Warranties

The author(s)/editor(s) warrant(s) that the above Works are his (their) original work, and the author(s)/editor(s) have the right and authority to give the above consent and to give the warranties in this form, and that the contents of the Works are accurate, lawful and do not contain anything of a defamatory nature and do not infringe any copyright, or other rights or any third party. Where the Works and/or the Supplementary Data incorporate any materials such as figures, data or other materials obtained from other sources, the author(s)/editor(s) warrant(s) that the original source(s) is (are) acknowledged and all permissions have been obtained where necessary.

¹The author(s)/editor(s) further warrant that the Works (and any part thereof) have never been published in any form prior to this date, and that the Works (and any part thereof) are not currently under consideration for publication in any form anywhere in the world.
