

HKIE Toastmasters Club Regular Meeting held on 3 August 2023

By Mr Summer HA

The captioned meeting was held on 3 August 2023 with 'Begin with the End in Mind' as the meeting theme. Both members and participants shared their experiences of career planning, setting goals, and achieving success. With the meeting theme in their thoughts, participants discussed their individual journeys, armed with valuable insights and a supportive network.

We were grateful to have Mr Tom Wong and Ir Dr F C Chan as the Toastmaster of the Evening and the Table Topics Master respectively. Ir Dr Chan initiated an interactive Table Topics Session, engaging the audience in thought-provoking questions related to career planning and goal setting.

The topics also covered the vital elements of management, including the roles of managing director, senior engineer, and chief executive officer. It also delved into the concept of long-term career planning with discussions on 5-year, 10-year, and 20-year strategic visions. The session sparked engaging discussions, allowing participants to share their expertise and gain valuable insights. Participants in the Table Topics were encouraged to deliver their speeches on stage to practice their public speaking skills.

Prepared speeches were delivered by Miss Janet Ho, Mr Summer Ha and Mr Raymond Lee (Pathway Level 1 Project Title: Introduce Myself). The speeches were evaluated based on their strengths and areas for improvement in public speaking.

Finally, the best speakers and evaluators for the meeting were selected.

- The best table topic speaker: Mr Tom Wong
- The best prepared speech speaker: Miss Janet Ho
- The best evaluators: Mr Peter Wong and Ir Dr F C Chan

TMC meetings are a learn-by-doing platform where participants hone their speaking and leadership skills in a relaxed and supportive atmosphere. TMC Meetings are ideal places to strengthen your public speaking skills and expand your engineering network. If you are interested in joining us, please contact our Vice President Public Relations Miss Jessie Ng by email at jessy.cs.ng@clp.com.
