Dear Ir HO

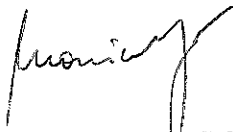

Public Engagement on the Pilot Study on Underground Space Development in Selected Strategic Urban Areas

The public engagement launched on 7 November 2016 regarding the Pilot Study on Underground Space Development in Selected Strategic Urban Areas refers.

The HKIE in general supports the Administration to identify feasible and effective land use measures such as underground space development to enhance the use of land resources and living environment in Hong Kong. After consulting our members, the Institution has no further specific comments on the subject matter.

Thank you for your attention.

Yours sincerely

Monica YUEN (Mrs)
Chief Executive and Secretary
The Hong Kong Institution of Engineers
