Dear Ir TANG

**Views on Education Bureau's review of the Study Subsidy Scheme for Designated Professions/ Sectors**

Thank you for your letter of 18 January 2016 inviting the Hong Kong Institution of Engineers (HKIE) to put forth our views on the captioned subject.

The HKIE in general supports the Scheme, which provides local students with more opportunities to pursue higher education to undergraduate level. As a professional body in engineering, the HKIE hopes that including more engineering-related courses to the Scheme would provide with more opportunities for the young generation to pursue engineering as their career and increase the pool of young talents in the engineering profession.

Thank you for your kind attention.

Yours sincerely

Monica YUEN  
Chief Executive and Secretary  
The Hong Kong Institution of Engineers
