# A student is eligible to become a Student Member under the Free Student Membership Scheme insofar as he/she remains as a student studying an accredited engineering programme. The HKIE would assume that the period of study of an accredited programme would normally not be more than 4 years and Student Members are required to update their status of study in future for the purpose of enjoying this scheme. Student Members who transfer to other membership grades are required to pay the normal annual subscription.

\*\* From 1 April 2023 to 31 March 2025, the Application Fee for applying for Associate Membership (HK\$570) is waived.
